Happy National Teacher Appreciation Day and Week! I would like to take this opportunity to thank our teachers for all that they are doing to make a positive and lasting impact on students’ lives.

The education staff at the Buckeye United School District work hard to help youth catch up, get on track, and realize their educational goals. They are skilled helping students open their minds to ideas, knowledge, hope, and dreams. Our teachers fill many roles beyond that of instructors, including listeners, motivators, role models, and mentors.
Every youth in our care has much potential and deserves the chance to get on a brighter path. A solid education helps unlock this potential so that youth can gain the knowledge and skills they need to be successful when they leave our care. Our teachers influence their students long after school days are only memories.

Again, thank you to all of our educators! Enjoy this special week!
